

# PBS Utility Services Delivery to Flintshire Foodbank

2020 has been a very challenging year for different reasons, meaning many people and businesses alike have had to adapt to the ever changing situations. Non-profit charities and community services are no different and require help to provide the fantastic support to the local community that they do throughout the year. National and local lockdowns have seen increased demand and pressures placed on local food banks at an already busy Christmas period. As a company, we wanted to help.

On the 1<sup>st</sup> December, PBS Utility Services made a sizeable donation to the Flintshire Foodbank in Mold to help those who need it most this year. This donation was made on behalf of our staff and clients to help make a real difference in the local community in which we are based, operate and many PBS staff reside.

**We would like to thank all of our staff for their hard work and dedication, and our clients for their continued support, in what has been a very different and difficult 2020. We wish you all a Merry Christmas and a Happy 2021.**

**SUPPORTIVE • INNOVATIVE • PROFESSIONAL • RELIABLE • COLLABORATIVE**

# PBS Utility Services Delivery to Norwich Foodbank

This year has been challenging to businesses and people up and down the country, putting evermore pressure on non-profits, charities and community services to continue the fantastic support they provide. One group which has seen increased demand and reliance on their services is local food banks, who will be under considerable pressure through this second wave of the pandemic and Christmas period. As a company, we wanted to help.

On the 27th November, PBS Utility Services made a substantial donation to Norwich Food Bank to help those who need it most this year. We have made this donation on behalf of our staff and clients, in replacement of our annual staff meal and corporate gifts, to help make a real difference in the local community during the Christmas period.

**We would like to thank all of our staff for their hard work and dedication, and our clients for their continued support, in what has been a very different and difficult 2020. We wish you all a Merry Christmas and a Happy 2021.**
